SECTION 22: W½  
SECTION 27: ALL  
SECTION 28: ALL  
SECTION 33: ALL

Docket No. 87-2009

Report of the Board

The above entitled cause came on regularly for hearing on the 9th day of July, 2009 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Members Don Bradshaw and Wayne Smith were absent. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.

2. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the following lands in Rosebud County, Montana, are designated the Hosford Field for production of coal bed natural gas from all coal bed zones from the surface to the base of the Fort Union Formation: the S½ of Section 21, the W½ of Section 22, all of Section 27, all of Section 28 and all of Section 33, T7S-R41E.

IT IS FURTHER ORDERED that spacing for the Hosford Field shall be 80-acre spacing units with 220-foot setbacks from spacing unit boundaries.

BOARD ORDER NO. 83-2009

IT IS FURTHER ORDERED that commingling of gas produced from different coal beds in the wellbore is hereby authorized.

IT IS FURTHER ORDERED that a federal communitization agreement for spacing units which contain both federal and non-federal land shall be submitted to the authorized officer of the Bureau of Land Management prior to or upon completion of a producible well.

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 9th day of July, 2009.

ORDER 93-2009

Docket No. 57-2009

Report of the Board

The above entitled cause came on regularly for hearing on the 9th day of July, 2009 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Members Don Bradshaw and Wayne Smith were absent. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.
2. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interests of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Altamont Oil & Gas, Inc. is granted as applied for, subject to stipulations on the Sundry Notice.

Docket No. 75-2009

Report of the Board

The above entitled cause came on regularly for hearing on the 9th day of July, 2009 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Members Don Bradshaw and Wayne Smith were absent. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.

2. A protest letter from Allan and Kathleen Woepfel, mineral owners in said Section 15, was read into the record by the Chairman. They are protesting because they allege Iofina does not have a lease with them for an injection well.

3. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interests of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that Iofina Natural Gas, Inc. is authorized to drill the IOFINJ #34-12-15 well located in the center of the SE¼ of Section 15, T34N-R12E, Hill County, Montana, as a Class II injection well in the Virgelle Formation at a depth of approximately 1050-1150 feet, subject to stipulations on the Sundry Notice.

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.

2. Mr. Joe Durrigo, president of Native American Energy Group, Inc. appeared in person at the hearing. His company is expecting funding in August 2009. He would like until October 2009 to get all the violations taken care of.

3. Staff member Jim Halvorson said Native American Energy Group, Inc. still has a \$60 delinquent fine outstanding.

3. Chief Field Inspector Sasaki recommended Native American Energy Group, Inc. be given until the Board's October 15, 2009 public hearing to have all issues taken care of on the pending Change of Operator regarding the S Wright 5-35 well in McCone County and the Sandvick 1-11 well in Valley County. He also recommended the re-entry permit for the Beery #2 well be held up until that time also.

4. The evidence indicates that taking the following action will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

BOARD ORDER NO. 95-2009

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the Show-Cause hearing for Native American Energy Group, Inc. be continued until the Board's October 15, 2009 public hearing.
